## Part B

### CRITERION I – CURRICULAR ASPECTS

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The syllabus and its implementation are executed by the affiliating University. The Universities Act of 2016 regulates that the Board must consist of 14 members, of whom 10 are appointed and 4 are elected. The Board of studies frames the curriculum. The revision of syllabus too is done by the Board. The affiliated colleges are bound to follow this curriculum to the letter. The B.A. course covers two compulsory languages and three optional subjects. The languages are English and Marathi which is the official language of the state of Maharashtra. Subjects offered here include Economics, Sociology, History, Political Science, Home-Economics, Marathi literature and Fashion designing. The Commerce students too have got those two compulsory languages and four other subjects. The two languages disappear in the final year. The subjects include Financial Accounting Cost and Management Accounting, Income Tax, Economics and other Business Management-related subjects. Curriculum delivery is carried out adhering to the teaching plan prepared by teachers. Some teachers have notes on the subjects prepared. Home assignments and practical too are there besides classroom test. Questions are put to students by teachers. There are two interactive boards too. Students are advised to search the internet for further reading. Time-table is prepared every year. The Library is made use of.

Students	Yes
Teachers	Yes
Employers	No
Alumni	Yes
Parents	Yes

### 1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
<p>Feedback aims at the participation of students in the overall enhancement of quality in the institution. Feedback always points to some kind of need for rectification or improvement. The institution collects feedback physically from stake holders viz. students and parents. Feedback is sought from students on the prescribed curriculum. Students are welcome to voice their opinion on the scope and employability of the courses offered. Parents give their opinion about the amenities available in the institution, transport facilities and so on. The collected feedback is analyzed. Steps are taken for improvement measures. The redressal is done taking into account the resources available. Our institution has limited resources and hence, there are hindrances in satisfying the demands made.</p>

13	8	6	2	0	6

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Mentorship is a relationship in which a more experienced or more knowledgeable person helps to guide a less experienced or less knowledgeable person. The mentor may be older or younger than the person being mentored. Mentoring is sharing knowledge skill and life experience to guide another towards reaching their full potential. It is a journey of shared discovery. Mentoring is a positive, supportive relationship, encouraging young people to develop their fullest potential. Mentoring is multifaceted. It can be formal or informal and may change and evolve as the needs of the mentee change. A mentor can be a role model. Mentors care and assure their mentee that they are not alone in dealing with day to day challenges. They help the mentees believe that they matter. Mentors ask questions that encourage mentees to look at issues from a variety of perspectives and focus on problem solving, decision making and solutions. Mentoring can make a profound difference to the lives of mentees, and in turn strengthen our communities, economy and country. Our college so far did not have an active mentoring system. Nevertheless, most teachers guide the students on many issues in the class room itself.

<a href="#">View File</a>				

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Our college adheres to the academic calendar prepared by the affiliating

university. The college in turn gets its academic calendar ready every year. The calendar outlines the activities that are to be taken up in the college with the indication of dates. Things like the observance of the birthdeath anniversaries of great Indians, National festivals, inauguration of NSS, the dates of cultural programmes and sports and games activities etc. are mentioned. The academic calendar thus is helpful in every respect. It helps teachers to fix their schedule taking into account the time frame work. It also enables the institution to march towards better efficiency.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Students are to be involved in the teachinglearning process. Almost every student differ from the other in terms of intellect comprehension and calibre. There may be a lot of them who find it difficult to grasp many things. They may need clarification on many matters. Subjects differ in subject matter and content. Some students pose some difficulty at least to some students. As examinations approach good number of students find themselves confused and diffident. They show lack of confidence in facing the examination. Teachers here make students confident about the examinations they have to face. Home Economics is one of the subjects offered here. The internal examination in the subject is of 30 marks. The examination is contented at the institutional level and marks are awarded. Examination for the remaining marks is conducted by the university. A few seminars by students were organised in the B.Com. classes. These seminars surely help in the preparation for the university examinations. Students are also advised to refer to the old university examination question papers.

Things are to be maintained for better performance and long life. There is a maintenance committee in our college for the maintenance of academic, physical and support facilities. Provision of funds for maintaining academic, physical and support facilities is made in the annual budget. The committee takes care of each and every support facility and does everything needed from time to time. The purchase committee makes purchases taking into account the budget allocation of the institution. Whenever the maintenance of electrification, furniture, upkeep of computers or ICT tools like interactive boards, laboratory equipment, technicians are employed. Sometimes carpenters, plumbers and painters are employed for the maintenance of the infrastructural facilities. Cleanliness is a must for the proper learning environment. Dustbins are used wherever necessary. The library maintains record of books issued and returned. It has also records ready of the books that are meant for weeding.

The institution is meant for the uplift and development of students. Their holistic development is the objective of every stake holder. The participation of the students in the functioning of the college is therefore necessary. About 25 years ago the Chancellor of the universities in the state gave his decision about the constitution of Students Council in the universities and their affiliated colleges. As per the decision, student secretaries in the state are to be elected on merit basis. The order stipulated that the student scoring the highest marks in the preceding university/board examination is to be nominated as the class representative. Besides, the head of the institution was authorized to nominate two female students from SC/ST category to the Council. These nominated representatives could elect the Secretary of the student council, the chairperson of which is the Head of the institution. The election is in a democratic manner using the secret ballot system. One Student Council lasts for one full academic year. The secretaries thus elected from colleges would elect the university president. The election process usually takes place in the month of either August or September. The affiliating university would issue circular regarding this. It so happened that the affiliating university did not issue any circular about the constitution of the student council. On such occasions, election of the secretary did not take place. Formerly there was no direction from any corner about the inclusion of students in the academic or administrative matters of the institution. In the revised Maharashtra Universities Act of 2016. There is provision for inclusion of the secretary of student council in the College Development Council (CDC), formerly known as the Local Managing Committee (LMC). The class representatives are welcome to express their opinion on the academic and administrative affairs of the institution.

## CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

"The greatest single factor or key for unlocking the forces of economic growth in any nation is management." says Economist, John Mee. Entrepreneur Henry Ford too believed in decentralization of power. Our institution also holds the same belief and deputed power which results in decentralization. We feel that decentralization will result in better efficiency and administrative quality. Formation of committees is keeping this in view. The committees contribute to the management of the institution in their own ways. Committees are entrusted with some work which in turn lessens the burden of the administrator. Such committees surely enhance the efficiency of the committee members and teach them the importance of team work and rudiments of work culture. Leadership plays an important role in accomplishing the goals and objectives of any institution. It is effective when it works systematically incorporating into it motivation, control, coordination, planning, decision making and delegation of power. Decentralisation of power is a political concept originated in Greece in ancient times. The institution forms various committees for its effective functioning. Each committee has deputed power and functions in accordance with the suggestions of the head of the institution. The principal is the chief of all the committees. Some of such committees are the following. ? Cultural committee: This committee takes care of the cultural activities of the college. This includes organizing competitions, arranging lectures, celebrating birth/death anniversaries of great Indians, annual gathering of students and so on. The competitions give vent to the latent talents of students. Students get exposure to the maximum. ? Admission committee: Admission committee is responsible for the admission of the students. Different teachers are given the responsibility of admission to different classes. The committee verifies the documents of the admission seekers and decides whether the applicants are eligible for admission. Teachers are given the charge of different classes. ? NSS Committee: This committee extends support to the activities of the NSS. NSS takes the initiative in extension activities that are useful to the society, serving the community through extension, which is a social responsibility. ? Sports committee: Sports activities are held every year. The teacher of physical education is a regular one and he is assisted by the committee members when their help is sought. Competitions are held in various events. Some contestants take part in intercollegiate and university level contests. ? College Development Council (CDC) : Formerly known as the Local Managing Committee [LMC] acts as the decisionmaking body in the overall development of

the institution. It meets at least twice in a year. The Council is the decisionmaking body of the institution. The Chief of CDC is the Chairperson of the Society. ? Library Advisory Committee: This Advisory Committee takes decisions in matters relating to the library. The members include the Head of the institution, librarian and a few teachers. The Committee meets twice a year to take decisions about the various facilities of the library.

## 7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Kargil Vijay Din<sup>26</sup> July. 2. Objectives of the Practice a. Instilling the spirit of patriotism. b. Encouragement to the younger generation for serving the motherland. c. Promotion of the feelings of the service of the nation. d. cautioning the people of the secret designs of countries that are inimical and passive to the country. 3. The Context In today's world of jingoism and animosity, defence of one's motherland is imperative. 4. The Practice Our Institution observes the Kargil Din in solemnity and sobriety. Students who are desirous of serving the nation by joining the defence services have opportunity for grooming themselves physically under the guidance of some qualified trainer. Those who are capable of traversing the obstacles successfully are able to prove their mettle and determination. 5. Evidence of Success A few students found entry in the armed forces. 6. Problems Encountered and Resources required More funds are required for ample facilities for training.

Environmental Sustainability 1.Title of the Practice : 2. Objectives of the Practice a. Providing more oxygen to the atmosphere b. Improvement in air quality c. Preservation of soil d. Creation of environmental consciousness in students and other people. 3. The Context Our Institution is adjacent to many factories of Maharashtra Industrial Development Corporation. It simply means that there is a lot of pollution taking place each day. The pity is that this pollution goes on escalating. It is here that plantation of trees plays a major role. Besides deforestation too is on the increase. The presence of carbon dioxide and carbon monoxide in the atmosphere invites maladies of various sorts. Green houses have increased across the world with a view to arrest to adverse effect of ultraviolet rays and related dangers. 4. The Practice Photosynthesis releases a lot of oxygen into the atmosphere. Trees and plants take in carbon dioxide and supply oxygen which is required by humans and animals. Water is conserved and soil erosion is blocked. Again, trees can help in the prevention of flood. They provide food, protection and shelter to many creatures including humans. We plant some trees in the vicinity of the institution and nurture them. Volunteers spread the environmental conservation of biodiversity and sanitation in several villages. 5. Evidence of Success The NSS/NCC volunteers of the Institution planted saplings in a few villages nearby and made the villagers aware of the necessity of tree plantation and conservation of water. 6. Problems Encountered and Resources required Some problems are faced in the practice. Sometimes proper locations are not spotted for the plantation. Ignorance of people regarding the plants, the rooting patterns, their foliage etc. pose problems. Untimely plantation is another issue. Some plants need shelter and watering for longer periods.

## 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

'Cleanliness is next to godliness', goes the saying. Our institution has always been committed to cleanliness. Students seeking admission here are from villages where hygiene is pushed to the back seat. Most villagers are agriculturalists, to whom cleanliness is almost alien. Many villagers keep their livestock close to their houses. This is indeed a challenge to health and

hygiene. Students from this background reach the college. The NSS unit of the college lays much stress on health and hygiene. Villagers are made aware of the necessity of cleanliness in daytoday life. On Gandhi Jayanti, some cleanliness activities are undertaken by the college. The premises are cleaned. The college NSS unit was adjudged the best by the Affiliating University in 2015. The College was awarded by the local Municipal Council for noteworthy contribution to the cleanliness drive initiated by the Government of India (Swachh Bharat Abhiyaan). One teacher of the institution was made Brand Ambassador of the cleanliness campaign by the MUNICIPALITY of Deoli in 2016
